

LGAA Meeting June 12, 2019
Wilma Cowan Building

Members Present: Stuart Horton, Shelley Horton, Shaun Perkins, Kelley Palmer, Roxann Yates, Matt Foreman, Betty Perkins, Marea Breedlove.

Treasurer's Report: We were out \$9500 on the Big Read. We received \$2500 back. We have \$3850.84 in the bank with 1 check outstanding for \$47.00.

Newsletter: Will be \$270 for the printing and it is still to clear the bank as well. A discussion was brought forward again. Continue to print, Back to 8 pages for \$200 or 12 pages for \$270. Marea is going to try to call each person about possible ads as she can. We need to find out if there is a price difference for the number of papers printed. Currently printing 500 copies. We could cut the number that is being printed or we could go to a bi-monthly or a quarterly newsletter instead. No vote taken. We will discuss the information again next month.

ROMP Museum had a channel 8 reporter come out to do a story. It was a very good thing and all enjoyed the visit. The story is to air on Friday.

Water Ways: The VFW has been accepted as a venue for the exhibit but much repair and cleanup is needed. There has been a guy take a look at the building for cleanup and getting us an estimate for the total cleanup as well as a list of what is needed. No mold or mildew found. He said that the floors need to be bleached and cleaned, the walls need to be painted, and possibly the ceiling as well since it is expensive to replace the ceiling tiles. PSO came in to give an estimate on possibly getting the energy efficient lighting as well since we will need to do something with the lighting. There is a possible \$1000 available through the Smithsonian as spending money for this exhibit if we apply for it.

VFW: The architect was here today to get a plan for the building. We need the plans in place in order to apply for the grant. Marsha and Shaun will start the grant process when we get the plan together. Tom, Kelley's boss, is going to front the money for the plans.

Matt Foreman: He talked about his background and art works. He is going to get a big exhibit together at least by time for the Water Ways exhibit to hit town. He will be looking into ideas for a large mural in the VFW that will go along with the Water Ways exhibit. He said that he would help out with the work to be done at the VFW.

Meeting Adjourned. Betty motioned and it was seconded by Kelley
Next meeting to be on July 10, 2019
